

Architectural floor plan of a three-story building. The plan shows three main sections:

- Top Section:** Contains three rooms labeled D2, D2, and D2. A staircase labeled BSK_TR_WL_01 is located to the right. Dimensions include 433.5, 320, and 320.
- Middle Section:** Contains a large room labeled D1. A staircase labeled BSK_TR_WL_01 is located to the right. Dimensions include 419.5, 320, 280, and 40.
- Bottom Section:** Contains a staircase labeled BSK_TR_WL_01 and a room labeled PRZESZCIE DO SALI SPRZEDAŻY. Dimensions include 40, 150, and 280.

The plan is oriented with North at the top. A scale bar indicates 0.00.

The image contains four technical drawings of a wooden structure, likely a bench or table, showing top and side views with dimensions and material specifications.

Top View (Left): Shows a rectangular structure with overall dimensions of 320 (width) and 200 (depth). The material is specified as "BARK BEIGE DILLUMATT EMULSION 45 YV 74073". A central rectangular cutout is labeled "D2". The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10. The total depth is 200. The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10.

Top View (Right): Shows a rectangular structure with overall dimensions of 320 (width) and 200 (depth). The material is specified as "BARK BEIGE DILLUMATT EMULSION 45 YV 74073". A central rectangular cutout is labeled "D2". The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10. The total depth is 200. The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10.

Side View (Left): Shows a cross-section of the structure with a total width of 178. The material is specified as "BARK BEIGE DILLUMATT EMULSION 45 YV 74073". The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10. The total depth is 200. The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10.

Side View (Right): Shows a cross-section of the structure with a total width of 178. The material is specified as "BARK BEIGE DILLUMATT EMULSION 45 YV 74073". The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10. The total depth is 200. The distance from the left edge to the start of the cutout is 120. The distance from the right edge to the end of the cutout is 10. The distance from the top edge to the start of the cutout is 9. The distance from the bottom edge to the end of the cutout is 10.

The image contains four architectural floor plan drawings, likely for a building's interior spaces. Each drawing shows a rectangular room with dimensions and material specifications.

- Top Left Drawing:** Shows a room with a width of 320 and a height of 159.5. The room is labeled "PARK BEIGE DILUMIANT EMULSION 45 YV 74073". A dashed line indicates a diagonal measurement of D2. The room is bounded by a wall on the left and a wall on the right. The left wall has a height of +/- 0.00. The right wall has a height of +3.20. The room is numbered 17 and 18.
- Top Right Drawing:** Shows a room with a width of 320 and a height of 200. The room is labeled "PARK BEIGE DILUMIANT EMULSION 45 YV 74073". The room is bounded by a wall on the left and a wall on the right. The left wall has a height of 18 and the right wall has a height of 19. The room is numbered 18 and 19.
- Bottom Left Drawing:** Shows a room with a width of 178 and a height of 117. The room is labeled "BSK-LG-FR-01". The room is bounded by a wall on the left and a wall on the right. The left wall has a height of 19 and the right wall has a height of 20. The room is numbered 19 and 20. The room contains a rectangular area with a height of 190 and a width of 100. The room is labeled "litava olemas".
- Bottom Right Drawing:** Shows a room with a width of 197.5 and a height of 110. The room is labeled "PARK BEIGE DILUMIANT EMULSION 45 YV 74073". The room is bounded by a wall on the left and a wall on the right. The left wall has a height of 20 and the right wall has a height of 17. The room is numbered 20 and 17. The room contains a rectangular area with a height of 100 and a width of 50. The room is labeled "litava olemas".

POWYKONAWCZA DOKUMENTACJA

Technical drawing of a kitchen layout with numbered points 1-20 and dimensions. The layout includes a sink, stove, and various storage units. Dimensions are given in centimeters (90, 200). Labels include 'szafka' (cabinet), 'blat' (top), and 'blat / blatu' (top / top). A dashed line indicates a doorway or opening.
